RACE/ETHNICITY: Please check all that apply of the following:

American Indian/Alaskan Native Asian Black/African American Native Hawaiian/Pacific Islander White

Note: The US Department of Education strongly encourages "self-identification" of race and ethnicity rather than third party "observer identification". The MN Department of Education requires us to gather and report data beginning the 08-09 school year. This allows individuals, for the first time, the opportunity to identify themselves as being of or belonging to more than one race and ethnicity.

Educational Institutions are required to collect & report this data. Individuals are not required to self-identify their race or ethnicity. If respondents do not provide information about their race/ethnicity, educational institutions should ensure that respondents have refused to self-identify and respondents still do not answer the questions, observer identification will be used. While the Department recognizes that obtaining data by observed identification is not as accurate as obtaining data through a self-identification process, places some burden on school district staff and may be contrary to the wishes of those refusing to self-identify of those refusing to self-identify it is better than the alternative of having no information.
